PURPOSE

Yes, you are invited to:

Let these poems
come alive within you
to sing them
dance them
read them silently
out loud ~ together
separately -
to contemplate
the messages
try the exercises
whatever feels
right
to you,
the reader

feel the
MAGIC...

the
PASSION!

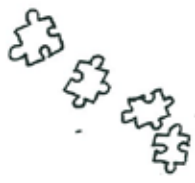

Spiraling
towards...

Fitting the pieces
of the puzzle
together...

I believe we all have
many inspirational
imaginative
teachers in life.

Through the creative
arts, I found
the richness
the roots
of the
pieces
I wanted,
I needed!

May this One Woman's Journey
provide you - guide you - down your
path towards your inner strengths
the celebration of self!

Suz

Zee Self-Love

Yes, when you fall in love with yourself
The whole world falls in love with you too
Wow-whee - your angels, your inner being
All surrounding you, encouraging you
Embracing you, ready to boost you up
With tons of "you-hoos"
Not a lousy "Boo-hoo."

* * *

Yes, the momentum starts to build
Aspirations evolve, action emerges
Out of thin air.

Everything is perfectly orchestrated
Beyond our wildest dreams
Somehow - who knows
Like a glorious fair

Collage : one Woman's Journey

Sound as funny
As it may
Celebration of self
Is the only way!

When the time is right
The details will unfold
Though most of us run around
Desperately trying
To fit the mold.

Ever notice
When it's so easy
It's sooooo right?
Somehow it feels
Almost too simple,
Effortless and
light.

What's the hiding?
What's the mask?
Could it be that
courage, willingness
And honesty
Will be
taken to
task?

Yes, when you
Fall in love with
yourself
the whole world
falls in love with
you
too.
